Blood Pressure Screening May 19

May is High Blood Pressure Month and the Social Service League of Cohasset will hold a high blood pressure screening clinic Saturday, May 19, from 9 to 11 a.m. at the League Office, 83 South Main St. This free clinic is open to residents of all ages.

When high blood pressure is not detected and treated it makes a person susceptible to stroke, heart disease, kidney disease or other disabilities. Treatment on a daily basis often with medication, and sometimes by diet is what is required for high blood pressure.

Some diseases have obvious symptoms, such as a rash or cough that can be treated.

High blood pressure is not like that, it usually has no symptoms. The only way to determine if a person has high blood pressure is to have it checked. Take advantage of this clinic and have your blood pressure checked.

McKinnon To Speak To Residents

Senator Allan McKinnon, D-Weymouth, or a member of his staff will be available to speak to Cohasset constituents Wednesday, May 16, at 8 p.m. in Town Hall.
